Energy Economics 22 (2000) 149–184

Energy Economics

www.elsevier.com/locate/ECONbase

Contents Volumes 1–21

Volume 1, 1979

Editorial 2
Optimal drawdown patterns for strategic petroleum reserves
R.E. Kuenne, J.W. Blankenship and P.F. McCoy 3
The demand for electrical energy by agriculture in the USA
N.D. Uri 14
An econometric simulation model of the US market for steam coal
W.C. Labys, S. Paik and A.M. Liebenthal 19
Econometric analysis of the 1974/75 decline in petroleum consumption in the USA: some policy implications
C. Alt, A.E. Bopp and G.M. Lady 27
North Sea oil taxation in Norway
A.G. Kemp and D. Crichton 33
Measuring the benefits from an innovation: an application to energy
G. Fishelson 47
Optimization of nuclear reactor strategies under uncertainty
P. Silvennoinen and J. Vira 53

Book reviews
Financing the International Petroleum Industry, edited by Normal A. White
P.J. Remington 59
Econometric Studies in Energy Demand and Supply, edited by G.S. Maddala, W.S. Chern and G.S. Gill
G. Kouris 59
The Pressure of Oil: A Strategy for Economic Revival, by Peter R.Odell and Luis Vallenilla
J. Surrey 59
Regional Impacts of Rising Energy Prices, by W.H. Miernyk, F. Giarratini and C.F. Socher
J. Chesshire 59

Recent papers 62

Conferences 64

Social cost–benefit analysis and nuclear futures
D.W. Pearce 66
Estimation and projections of demand for crude petroleum and refined petroleum products
A. Pagoulatos and J.F. Timmons 72
Energy scenarios: a learning process
H. DuMoulin and J. Eyre 76

0140-9883/00/$ – see front matter © 2000 Elsevier Science B.V. All rights reserved.

Estimating energy demand in OPEC countries
A. Al-Janabi 87
Fuel substitution and price response in UK industry
E. Bossanyi and J. Stanislaw 93
An equilibrium theory of economics
J. Bryant 102
Sectoral energy demand in Canadian manufacturing industries
T.A. Cameron and S.L. Schwartz 112

Book reviews
North Sea Oil in the Future, by Colin Robinson and Jon Morgan
F. McFadzean 119
Nuclear Power and the Energy Crisis, by Duncan Burn
J. Surrey 119
Energy Policies and Programmes of IEA Countries: 1977 Review
S.A.B. Page 119

Recent papers 121

Publications 124

Conferences 128

Nuclear energy in France: an economic policy overview
G. de Carmoy 130
Environmental benefits and the economics of UK solar energy schemes
M. Common and J. Peirson 134
Energy economics – a random walk in history
G.F. Ray 139
The pricing of off-peak power
E.F. Renshaw 144
Is the concept of energy intensity meaningful?
J. Percebois 148
The future oil price behaviour of OPEC and Saudi Arabia: a survey of optimization models
S. Hammoudeh 156
Computing the long-run incremental cost of capital intensive goods
D.L. White 167
The economics of energy conservation policies: a study of US primary copper production
S.D. Hu and I. Zandi 173
EEC energy policy and the UK: the Birmingham energy model
J. Tzoannos, K.G. Vaidya and P.G. Soldatos 180

Book review
Petroleum and Arab Economic Development
M. Beudell 188

Recent papers 189

Conferences 191

Employment effects of energy conservation in the USA, 1978–85
D.C. Dacy, R.E. Kuenne and P. McCoy 194
Primary energy demand in Canada
R.N. McRae 203
Input–output analysis of energy requirements: an application to the Scottish economy in 1973
H.M. Al-Ali 211

An energy analysis of the investment problem
J.V. Greenman 219
Effects of changes in UK North Sea oil taxation
A.G. Kemp and D. Crichton 224
Energy substitution in the UK, 1948–64
N.D. Uri 241
Economic welfare with exhaustible natural resources: a two-sector model with an 'environmental' commodity
J.W. Mixon 245

Book reviews
Coal in the US Energy Market, by Richard L. Gordon
L.G. Brookes 248
International Studies of the Demand for Energy, edited by W.D. Nordhaus
L.P. Drollas 248
North Sea Energy Wealth, 1965–1985, by Christopher Johnson
C. Rowland 248

Recent papers 252

Publications 255

Conferences 256

Volume 2, 1980

Energy–income coefficients and ratios: their use and abuse
M.A. Adelman 2
The economics of load management by ripple control
J. Zahave and D. Feiler 5
The economics of oil exploration: a probability-of-ruin approach
J.B. Ramsey 14
Long-run elasticity of US energy demand: a process analysis approach
S.C. Parikh and M.H. Rothkopf 31
Expected welfare gains from peak-load electricity charges
E.F. Renshaw 37
World energy models – a survey and critique
A.M. Ulph 46

Book reviews
Scarcity, Energy and Economic Progress, by Ferdinand E. Banks
S. Hall 60
La France sans Pétrole, by Henri Aujac and Jacqueline de Rouville
G.F. Ray 60

Recent papers 62

Publications 63

Conferences 64

OPEC short-run market share behaviour: implications, theories and facts
R.F. Kosobud and H.H. Stokes 66
Estimating the price elasticity of US electricity demand

J. Rowse 249
World energy models – survey and critique: reply
A. Ulph 249

Book review
The Production and Pricing of Energy Resources, edited by Robert S. Pindyck
K. Velupillai 251

Recent papers 253

Publications 255

Conferences 255

Volume 3, 1981

A comparative analysis of global energy models
E.L. Allen, J.A. Edmonds and R.E. Kuenne 2
An econometric analysis of peak electricity demand in the short run
R.R. Betancourt 14
Stability of US petroleum refinery response to relative product prices
C. Dahl and G.S. Laumas 30
Energy efficiency and the slump in labour productivity in the USA
E.F. Renshaw 36
Vertical divestiture of the US oil industry and US–OPEC relations
H. Steele and G. Daly 43
Elasticities – science or fiction?
G. Kouris 66
Depletion policy and the de-industrialization of the UK economy
T. Barker 71
On the economics of pollution control for sulphur dioxide emissions
N.H. Highton and M.G. Webb 83
Marginal generating costs of multi-block power systems with and without partial outages
D. Feiler and J. Zahavi 91
The welfare economics of optional seasonal time-of-day electricity tariffs
J.T. Wenders 102
Exploration decisions and firms in the mineral industries
E.D. Attanasi 105
Inverted block or lifeline rates and micro-efficiency in the consumption of electricity
J.L. Neufeld and J.M. Watts 113
Models of resource markets and the explanation of resource price behaviour
R.S. Pindyck 130

Optimal electricity supply: reliability, pricing and system planning
M. Munasinghe 140
Implied elasticities in some UK energy projections
M.S. Common 153
An input–output analysis of Australian energy planning issues
N.D. Karunaratne 159
Exhaustible resource models and predictions of crude oil prices – some preliminary results
K. Pakravan 169
Energy expenditure in sectors of manufacturing
J.S. Wabe 178
Bidding for petroleum leases: recent Canadian experience
G.C. Watkins and R. Kirkby 182
A proposal for peak load pricing of public utilities
Y.C. Peles 187
Energy policy formulation for Pakistan: an optimization approach
T. Riaz 191
The economics of nuclear fuel reprocessing: a case study of the Windscale THORP plant
P. Jones and D. Pearce 202
Canadian oil exports to the USA: from profusion to parsimony
G.C. Watkins 219
Energy consumption and economic activity in industrialized countries: the dynamic aggregate time series relationship
M. Beenstock and P. Willcocks 225
The role of investment for energy conservation: future Japanese economic growth
K. Suzuki and H. Takenaka 233
The energy–GDP relationship in developing countries: empirical evidence and stability tests
B.-Z. Zilberfarb and F.G. Adams 244
Residential demand for electricity
J. Wills 249
Petroleum decline analysis using time series
R.K. Mueller, D.J. Eggert and H.S. Swanson 256

Volume 4, 1982

The price of oil and economic activity: a short-run model
G. Fishelson 2
Optimal policies for investment and depletion in an oil-rich industrialized economy
H. Motamen 7
Energy use and structural changes: factors behind the fall in Sweden's energy output ratio
G. Östblom 21
Economic oil stockpiles: analytical solution for minima

Capital–energy substitution and the multi-level CES production function
K.-P. Chang 22
Investment in competitive electricity: scope for incentive contracts
A.K. David and K.-p. Wong 27
Productivity changes in the Gas and Fuel Corporation of Victoria
A. Rushdi 36
On the unprofitability of utility demand-side conservation programmes
F. Wirl 46
Electricity consumption in manufactured housing
S.V. Berg and C. Taylor 54
Using electricity data to measure capital utilization
D. Anxo and T. Sterner 63

Calendar 75

Decomposition of industrial energy consumption: some methodological and application issues
B.W. Ang and S.Y. Lee 83
A cointegration analysis of petroleum futures prices
A. Serletis 93
Unbiasedness and time varying risk premia in the crude oil futures market
I.A. Moosa and N.E. Al-Loughani 99
The nature of OPEC and oil price changes
D.P.T. Young 107
Sources of change in industrial electricity use in the Taiwan economy, 1976–86
C.-Y. Chen and R.-H. Wu 115
The impact of measurement error in the data on estimates of the agricultural demand for electricity in the USA
N.D. Uri 121
Quasi-experimental taxation elasticities of US gasoline demand
R.K. Goel 133
An empirical analysis of gasoline demand in Denmark using cointegration techniques
J. Bentzen 139
The relation between marginal product and price in US energy markets: implications for climate change policy
R.K. Kaufmann 145

Calendar 151

Decomposition of industrial energy consumption: the energy intensity approach
B.W. Ang 163
Price, quality and regulation: an analysis of price capping and the reliability of electricity supply
R. Fraser 175
Forecasting nuclear power supply with Bayesian autoregression
R. Beck and J.L. Solow 185
A capacity growth input–output model
E.W. Henry 193

The effects of energy taxes on the Kenyan economy: a CGE analysis
H.H.H. Semboja 205
Lifecycle analysis of gasoline expenditure patterns
L.A. Greening and H.T. Jeng 217

Calendar 229

Electricity load and temperature: issues in dynamic specification
J. Peirson and A. Henley 235
Accounting for technical progress in aggregate energy demand
C.T. Jones 245
Oil production and macroeconomic adjustment in the Indonesian economy
C. Harvie and A. Thaha 253
Export of Norwegian hydropower under a common European regime of environmental taxes
E. Schrøder Amundsen, J. Bjørndalen and H. Rasmussen 271

Book review
The Economics of Energy in Agriculture, by Chennat Gopalakrishnan
N.D. Uri 281

Volume 17, 1995

A capacity growth input–output model with forward recursive solution
E.W. Henry 3
Improved estimators of energy models
L.C. Adkins and J.B. Eells 15
The stochastic economics of windpower
M. Beenstock 27
Multilevel decomposition of industrial energy consumption
B.W. Ang 39
Subsidy free pricing of interruptible service contracts
T.R. Beard, G.H. Sweeney and D.M. Gropper 53
The imperfect price reversibility of non-transport oil demand in the OECD
J. Dargay and D. Gately 59
Input–output simulations of energy, environment, economy interactions in the UK
D. Hawdon and P. Pearson 73

Calendar 87

Greenhouse gas abatement under ambiguity
H. Welsch 91
Taxation of petroleum products: theory and empirical evidence
S. Gupta and W. Mahler 101
The role of renewable energy in the energy system: an issue in the philosophy of renewal of natural resources
S.M.N. Islam 117
Assessing a disaggregated energy input: using confidence intervals around translog elasticity estimates
J.J. Hisnanick and B.L. Kyer 125
Econometric modelling of international carbon tax regimes
C. Smith, S. Hall and N. Mabey 133
Assessing demand when introducing a new fuel: natural gas on Java
W.J.H. van Groenendaal 147
A total energy demand model of Québec: forecasting properties
E. Arsenault, J.-T. Bernard, C.W. Carr and E. Genest-Laplante 163

Calendar 173

Energy security: coping with multiple supply risks
P. Zweifel and S. Bonomo 179
Socioeconomic development and electricity consumption: a cross-country analysis using the random coefficient method
N.A. Burney 185
Electricity demand by time of use: an application of the household AIDS model
M. Filippini 197
Oil futures prices and stock management: a cointegration analysis
S. Balabanoff 205
The capitalist world aggregate supply and demand model for natural uranium
V.H.S. Amavilah 211
Energy and CO_2 emissions in Spain: methodology of analysis and some results for 1980–90
V. Alcántara and J. Roca 221
The impact of electric power on productivity: a study of US manufacturing 1950–84
B.C. Beaudreau 231
The impact of VAT introduction on UK residential energy demand: an investigation using the cointegration approach
R. Fouquet 237
Demand for gasoline in Kuwait: an empirical analysis using cointegration techniques
M.N. Eltony and N.H. Al-Mutairi 249
Optimal acid rain abatement policy for Europe: an analysis for the year 2000
J.P. Hutton and G.E. Halkos 259
Macroeconomic and sectoral impacts of carbon taxation: a case for the Japanese economy
N. Goto 277
Trading volume, maturity and natural gas futures price volatility
J.H. Herbert 293
Economies of scale in energy use in adult-only households
D.S. Ironmonger, C.K. Aitken and B. Erbas 301
The option value of renewable energy: the case of climate change
D. Schimmelpfennig 311
Global warming and carbon taxation: optimal policy and the role of administration costs
M. Williams 319
Road transport energy demand in Australia: a cointegration approach
R. Samimi 329

Volume 18, 1996

Efficiency and ownership in electricity distribution: a non-parametric model of the Turkish experience
N. Bagdadioglu, C.M. Waddams Price and T.G. Weyman-Jones 1
Optimal development planning of gas reserves
J. Boucher and Y. Smeers 25
Modelling long-run cost minimization and environmental provisions for utility expansion
E.-J. Wang, M. Jaraiedi and T.F. Torries 49
Energy conservation in electricity generation: a case study of the electricity and water industry in Kuwait
N.A. Burney and F.T. Al-Matrouk 69
Retail price asymmetries in local gasoline markets
K.T. Duffy-Deno 81
Watching the fuel gauge: an international model of automobile fuel economy
M. Espey 93

The car park: diffusion models revisited
J.V. Greenman 107
Decomposition of industrial energy consumption: the energy coefficient approach
B.W. Ang and P.W. Lee 129
Applied general equilibrium models for energy studies: a survey
S.C. Bhattacharyya 145
Energy consumption, real income and temporal causality: results from a multi-country study based on cointegration and error-correction modelling techniques
A.M.M. Masih and R. Masih 165
Changing crude oil price effects on US agricultural employment
N.D. Uri 185
Demand for gasoline in the GCC: an application of pooling and testing procedures
M.N. Eltony 203
Oil price shocks and employment: the case of Ohio coal mining
J.H. Hoag and M. Wheeler 211
An iterative approach for weather-correcting energy consumption data
M.A.T. Elkhafif 221
Price discovery in oil markets: a time varying analysis of the 1900–91 Gulf conflict
A.J. Foster 231
Electricity rationing through a two-stage mechanism
J.A. Doucet, K.J. Min, M. Roland and T. Strauss 247
Indices for comparing greenhouse gas emissions: integrating science and economics
M. Kandlikar 265
Factors affecting CO_2 intensities of power sector in Asia: a Divisia decomposition analysis
R.M. Shrestha and G.R. Timilsina 283
A regional linear logit fuel demand model for electric utilities
C.E. Moody 295
Stock-Watson dynamic OLS (DOLS) and error-correction modelling approaches to estimating long- and short-run elasticities in a demand function: new evidence and methodological implications from an application to the demand for coal in mainland China
R. Masih and A.M.M. Masih 315
Welfare effects of emission taxes in Norway
J. Aasness, T. Bye and H.T. Mysen 335

Volume 19, 1997

Preface
D.W. Bunn, E. Larsen and K. Vlahos 1
Economic growth, international competitiveness and environmental protection: R & D and innovation strategies with the WARM model
C. Carraro and M. Galeotti 2
Are environmental taxes a free lunch? Issues in modelling the macroeconomic effects of carbon taxes
N. Mabey and J. Nixon 29
General multi-product, multi-pollutant market pollution permit model: a variational inequality approach
A. Nagurney, K. Kanwalroop Dhanda and J.K. Stranlund 57
The Page95 model: integrating the science and economics of global warming
E.L. Plambeck, C. Hope and J. Anderson 77
Dynamic energy and environment equilibrium model for the assessment of CO_2 emission control in Canada and the USA
W. Chung, Y.J. Wu and J.D. Fuller 103

Stabilizing energy related CO_2 emissions for India
S. Gupta and S. Hall 125
Optimal tariff design under consumer self-selection
M. Räsänen, J. Ruusunen and R.P. Hämäläinen 151
Time-of-use rates *v.* Hopkinson tariffs redux: an analysis of the choice of rate structures in a regulated electricity distribution company
D. Seeto, C.K. Woo and I. Horowitz 169
Household energy efficiency in Ireland: a replication study of ownership of energy saving items
S. Scott 187
Energy pricing under uncertain supply
P.J. Serra 209
Open access *v.* common carriage in electricity supply
G. Brunekreeft 225
Domestic merger policy in an international oligopoly: the Nordic market for electricity
L. Sørgard 239
The efficiency of the National Electricity Board in Malaysia: an intercountry comparison using DEA
J.M. Yunos and D. Hawdon 255
Modelling and forecasting the demand for coal in China
H.L. Chan and S.K. Lee 271
Carbon taxes and India
K.A. Fisher-Vanden, P.R. Shukla, J.A. Edmonds, S.H. Kim and H.M. Pitcher 289
Economic development, poverty reduction and carbon emissions in India
N.S. Murthy, M. Panda and J. Parikh 327
SO_2 emission intensities of the power sector in Asia: effects of generation-mix and fuel-intensity changes
R.M. Shrestha and G.R. Timilsina 355
Decomposition of energy-induced CO_2 emissions in manufacturing
B.W. Ang and G. Pandiyan 363
Comparison of six decomposition methods: application to aggregate energy intensity for manufacturing in 10 OECD countries
L.A. Greening, W.B. Davis, L. Schipper and M. Khrushch 375
The demand for energy in Greece: assessing the effects of the Community Support Framework 1994–1999
N.M. Christodoulakis and S.C. Kalyvitis 393
Outage costs in Chilean industry
P. Serra and G. Fierro 417
An investigation of co-integration and causality between energy consumption and economic activity in Taiwan
B.S. Cheng and T.W. Lai 435
Residential energy consumption across different population groups: comparative analysis for Latino and non-Latino households in USA
D.A. Poyer, L. Henderson and A.P.S. Teotia 445
Improved stoves in Sub-Saharan Africa: the case of the Sudan
E.O. Zein-Elabdin 465
Industrial energy substitution during the 1980s in the Greek economy
Y.D. Caloghirou, A.G. Mourelatos and H. Thompson 476
Short- and long-run elasticities in US residential electricity demand: a co-integration approach
J.I. Silk and F.L. Joutz 493

Volume 20, 1998

Energy efficiency and structural change in the Netherlands, 1980–1990
J. Farla, R. Cuelenaere and K. Blok 1
Understanding industrial energy use: structural and energy intensity changes in Ontario industry
D.T. Gardner and M.A.T. Elkhafif 29
Decomposition of aggregate carbon intensity for the manufacturing sector: comparison of declining trends from 10 OECD countries for the period 1971–1991
L.A. Greening, W.B. Davis and L. Schipper 43
Assessing the energy intensities of imports
J.J. Battjes, K.J. Noorman and W. Biesiot 67
Changes in energy consumption and energy intensity: a complete decomposition model
J.W. Sun 85
Economic modelling approaches to cost estimates for the control of carbon dioxide emissions
Z.X. Zhang and H. Folmer 101
Market power in the Australian power market
D. Brennan and J. Melanie 121
Response bias in a conjoint analysis of power outages
M. Beenstock, E. Goldin and Y. Haitovsky 135
Residential energy demand and the interaction of price and temperature: British experimental evidence
A. Henley and J. Peirson 157
Comparative energy and environmental policy for the residential sector: applying Dutch standards to the UK housing stock
C. Hargreaves, N. Johnstone, F. Laroui and M. van Leeuwen 173
Coal subsidization and nuclear phase-out in a general equilibrium model for Germany
H. Welsch 203
Is the gas supply market a natural monopoly? Econometric evidence from the British Gas regions
P. Burns and T.G. Weyman-Jones 223
The synthesis of bottom-up and top-down in energy policy modeling
C. Böhringer 233
Estimated substitution elasticities of a nested CES production function approach for Germany
C. Kemfert 249
The cyclical behavior of monthly NYMEX energy prices
A. Serletis and T. Kemp 265
Gasoline demand revisited: an international meta-analysis of elasticities
M. Espey 273
Petrol price asymmetries revisited
B. Reilly and R. Witt 297
Aggregate impacts of the proposed reduction in the motor fuels excise tax in the United States
N.D. Uri and R. Boyd 309
Clean air and renewable fuels: the market for fuel ethanol in the US from 1984 to 1993
K.N. Rask 325
A computable general equilibrium model of energy, economy and equity interactions in Pakistan
F. Naqvi 347
Household ownership of electric room air conditioners
I. Matsukawa and N. Ito 375

Conservation tillage and the use of energy and other inputs in US agriculture
N.D. Uri 389
Electricity substitution: some local industrial evidence
A.H. Barnett, K. Reutter and H. Thompson 411
Residential energy demand in OECD-countries and the role of irreversible efficiency improvements
R. Haas and L. Schipper 421
Integrating the bottom-up and top-down approach to energy–economy modelling: the case of Denmark
H.K. Jacobsen 443
Climate modelling and policy strategies: the role of technical change and uncertainty
C. Carraro and J.C. Hourcade 463
Sensitivity of climate change mitigation estimates to assumptions about technical change
H. Dowlatabadi 473
Technological change and the timing of mitigation measures
A. Grübler and S. Messner 495
Power shifts: the dynamics of energy efficiency
O. Edenhofer and C.C. Jaeger 513
Decision making under uncertainty and inertia constraints: sectoral implications of the when flexibility
F. Lecocq, J.-C. Hourcade and M.H. Duong 539
Short-term decisions under long-term uncertainty
R.S.J. Tol 557
Uncertainty propagation within an integrated model of climate change
R. Zapert, P.S. Gaertner and J.A. Filar 571
Quasi-option value and climate policy choices
M.H. Duong 599

Volume 21, 1999

Regulator preferences and utility prices: evidence from natural gas distribution utilities
C.C. Klein and G.H. Sweeney 1
The taxation of drivers and the choice of car fuel type
J. Rouwendal and F. de Vries 17
Household adjustment to gasoline price change: an analysis using 9 years of US survey data
S.L. Puller and L.A. Greening 37
Modelling the electricity consumption of cities, effect of urban density
I. Larivière and G. Lafrance 53
A hybrid economic–engineering model for natural gas production
J.M. Chermak, J. Crafton, S.M. Norquist and R.H. Patrick 67
Convergence to the long-run equilibrium: the case of natural gas markets
D. Lien and T.H. Root 95
Second-best energy policies for heterogeneous firms
E. Verhoef and P. Nijkamp 111
The impact of energy derivatives on the crude oil market
J. Fleming and B. Ostdiek 135
The demand for electricity in Israel
M. Beenstock, E. Goldin and D. Nabot 168
The impact of economic regulation on attempts to curb expense preference behavior: a micro-data analysis of CEO compensation schemes for electric utilities
F.G. Mixon Jr. and K.P. Upadhyaya 185
Non-competitive market behaviour in the international coking coal market
P. Graham, S. Thorpe and L. Hogan 195

Pricing of electricity tariffs in competitive markets
J. Keppo and M. Räsänen 213
Modeling economies of scale: the case of US electric power companies
J.J. Hisnanick and K.O. Kymn 225
Weather-induced changes in the tradeoff between SO_2 and NO_x at large power plants
J.E. Leightner 239
Sources of change in productivity of petroleum exploration and development in the US onshore Louisiana, 1977–1994
O.O. Iledare and A.G. Pulsipher 261
International comparisons of productivity and its determinants in the natural gas industry
T.-Y. Kim, J.-D. Lee, Y.H. Park and B. Kim 273
The regulating power market on the Nordic power exchange Nord Pool: an econometric analysis
K. Skytte 295
Fuel economy standards in a model of automobile quality
C. Plourde and V. Bardis 309
Short- and long-run elasticities of gasoline demand in India: an empirical analysis using cointegration techniques
R. Ramanathan 321
Decomposition of aggregate carbon intensity for freight: trends from 10 OECD countries for the period 1971–1993
L.A. Greening, M. Ting and W.B. Davis 331
The impact of a carbon tax on the Susquehanna River Basin economy
R. Kamat, A. Rose and D. Abler 363
Electricity distribution as an unsustainable natural monopoly: a potential outcome of New Zealand's regulatory regime
C. Gunn 385
The US SO_2 auction: analysis and generalization
G.T. Svendsen and J.L. Christensen 403
Deregulation of the Nordic power market and environmental policy
E.S. Amundsen, A. Nesse and S. Tjøtta 417
Cointegration analysis of spot electricity prices: insights on transmission efficiency in the western US
A.S. De Vany and W.D. Walls 435
Oil price shocks and stock market activity
P. Sadorsky 449
The message in North American energy prices
A. Serletis and J. Herbert 471
Defining 'total energy use' in economic studies: does the aggregation approach matter?
J. Zarnikau 485
Price sensitivity of residential energy consumption in Norway
R. Nesbakken 493
Risk management in the oil industry: can information on long-run equilibrium prices be utilized?
O. Gjølberg and T. Johnsen 517
Regulatory effects on electricity prices in Hong Kong
P.-L. Lam 528
Estimation of the marginal abatement costs of airborne pollutants in Korea's power generation sector
O.S. Kwon and W.-C. Yun 545
Linkages among energy, agriculture and environment in rural India
J.K. Parikh and R. Ramanathan 559
